

The Outfest Legacy Collection of lesbian, gay, bisexual, and transgender (LGBT) moving image media at UCLA includes unedited oral history interviews conducted by media scholar Alexandra Juhasz for her documentary *WOMEN OF VISION: 18 HISTORIES IN FEMINIST FILM & VIDEO* (1998). These interviews with independent and experimental film and video filmmakers offer a detailed history of feminism and feminist film and video, from the 1950s to the present. Transcripts of the interviews are also available for reference.
